

YUVARAJ RENGASAMY

Full Stack Software Developer | React.js, Next.js, PHP, Laravel | Artificial Intelligence | Data Analytics

Dubai, UAE • yuvaraj998@gmail.com • +971 509780266 • [linkedin.com/in/yuvarajrengasamy](https://www.linkedin.com/in/yuvarajrengasamy)

SUMMARY

Full Stack Software Developer with experience building fintech, CRM, SaaS and event-management platforms using React.js, Next.js, PHP, Laravel, JavaScript, Bootstrap, MySQL and PostgreSQL. Strong in responsive UI development, REST API integration, admin dashboards, payment workflows, MT5 server integrations, authentication, role-based access control and production support. Comfortable using AI tools for development speed, debugging, documentation and automation.

EXPERIENCE

Full Stack Software Developer, Bridging FX

Sep 2025 - Present | Dubai, UAE

- Developed CRM admin panels and SaaS modules using PHP Laravel, MySQL, PostgreSQL, JavaScript and Bootstrap.
- Integrated MetaTrader 5 server APIs for trading-account management, user synchronization and transaction processing.
- Implemented Stripe, NOWPayments and cryptocurrency payment workflows for secure deposits and withdrawals.
- Built multi-client CRM architecture with role-based access control, secure routing, authentication and authorization.
- Maintained six client CRM projects, handling feature delivery, bug fixes, performance improvements and production support.
- Built and maintained admin dashboards and client-facing interfaces serving 500+ daily active users.
- Administered hosting infrastructure via cPanel and WHM: domains, DNS, subdomains, SSL, email workflows and per-client PostgreSQL/MySQL database provisioning.
- Increased development productivity using AI tools, prompt engineering, Git and CI/CD pipelines while maintaining code quality.
- Developed user, finance, wallet, reporting, payment-processing and transaction-monitoring modules.
- Used Codex, Claude and ChatGPT to improve coding productivity, debugging, documentation and automation workflows.

Full Stack Software Developer, Pixalive

Apr 2022 - May 2025 | Bengaluru, India

- Built responsive web applications using React.js, Next.js, JavaScript, HTML5, CSS3, Bootstrap 5 and Material UI.
- Converted Figma designs into polished, device-optimized front-end interfaces with reusable components.
- Integrated REST APIs for dynamic data fetching, content management and application workflows.
- Collaborated with backend teams on API contracts, MongoDB schema structures and full-stack delivery.
- Supported enterprise projects including PCS and Bharath Farms by improving UI stability, responsiveness and performance.

KEY PROJECTS

BridgeX Platform | bridgexapps.com • bridgexsuite.com

Bridging FX Limited

- Broker CRM platform with purchasable modules; each broker runs on a dedicated PostgreSQL database provisioned via cPanel/WHM.
- Built responsive workspace UI with secure routing, authentication and dynamic content management.

Trading Infrastructure | secure.leveragemarkets.com • secure.stoxpips.com

Bridging FX Limited

- Developed prop-firm rule-enforcement services in Python and operated the MT5 bridge on a dedicated remote server.
- Connected multiple white-label broker portals to a central infrastructure platform.

ProFX Events and Media | profxsummit.com • lead.profxmedia.com

Bridging FX Limited

- Delivered ProFX Summit, ProFX Expo Africa and ProFX Expo Australia using React, Laravel, admin CRM and SVG floor plans.
- Built registration tracking, seat reservation, ticketing, email workflows and ProFX Media lead-management features.

ADDITIONAL PROJECTS

Fincxart, B2B Fintech Marketplace | fincxart.com

Bridging FX Limited

- Built a multi-vendor marketplace for fintech services with vendor and customer portals, multi-currency support and multi-language support.

Bridging FX Corporate Website | bridgingfx.com

Bridging FX Limited

- Delivered the company corporate website with responsive pages and dynamic content management.

Bridging FX Academy, LMS | bridgingfxacademy.com

Bridging FX Limited

- Developed a learning management system for trading education with course management and user management.

Broker Websites | leveragemarkets.com • stoxpips.com

Bridging FX Limited

- Created responsive broker marketing websites with secure client-portal routing and dynamic content sections.

Stox Pips

Bridging FX Limited

- Developed an IB-based FX trading platform with referral commissions, CRM modules, user workflows and responsive admin screens.

Finsphereexpo

Bridging FX Limited

- Built a Kuwait finance-event platform connecting brokers, fintech teams, crypto projects, traders and investors.

Edufynd

Pixalive

- Built study-abroad guidance screens covering country selection, applications, visa process and expert-support workflows.

Masterin / Metoo.care

Pixalive

- Implemented responsive React.js screens, reusable front-end components and API-driven application flows.

EDUCATION

Executive MBA: Data Analytics | Artificial Intelligence

Britts Imperial University College, Dubai | Jun 2025 - Current

Bachelor of Engineering: Electrical and Electronics Engineering

Anna University, Chennai, Tamil Nadu, India | Aug 2016 - Nov 2020

SKILLS

Front End: React.js, Next.js, JavaScript, HTML5, CSS3, Bootstrap 5, Tailwind CSS, Material UI, responsive UI/UX and Figma implementation.
